Dimax Int. GmbH (Germany) presents cord reels from TM "Könnert & Söhnen"

The assortment of Könnert & Söhnen cord reels is selected taking into account different needs for connecting devices in places remote from stationary outlets. Cord reels with a cable length of 15-30 meters is suitable for remote connection of up to 4 electrical appliances simultaneously to a 230 V network. Cord reels "Könnert & Söhnen" TM have a protection class IP44, which makes it possible to use outdoors, as well as in high humidity, thanks to the protection against the ingress of accidental drops of water and from the penetration of solid particles.
